

ZOOM FOR SUGAR®

Close business faster with face-to-face video or voice meetings. Schedule or start an instant Zoom video or audio calls with screen sharing right from SugarCRM and track these meetings in Activity History.

The #1 video and web conferencing service for SugarCRM – Zoom helps you build relationships and close business faster.

Real-time synchronization prevents the creation of duplicate records in the system. This reduces double-handling and could prevent overlapping teams from contacting customers excessively.

Conveniently launch Zoom meetings without leaving SugarCRM.
