

Faye Earns a Spot on the Inc. 5000 List for 9th Consecutive Year

Faye announced today that for the 9th consecutive year it earned a spot on the Inc. 5000 - Inc. Magazine's annual list of America's Fastest-Growing Private Companies which is a key benchmark for entrepreneurial success.

WOODLAND HILLS, Calif. ([PRWEB](#)) August 18, 2022 -- Faye, a global leader in software strategy, deployment, integrations, and ongoing management for mid-market and enterprise organizations, announced today that it earned a spot on the Inc. 5000 for the ninth consecutive year. Each year, tens of thousands of organizations apply for a spot on the Inc. 5000 and only a fraction make the list. Less than one percent of all Inc. 5000 applicants have it made the list nine times.

The Inc. 5000 — Inc. Magazine's annual list of America's Fastest-Growing Private Companies — is a key benchmark for entrepreneurial success. The list ranks companies by overall revenue growth over a three-year period. Faye joins the ranks of well-known companies including Microsoft, Dell, Domino's Pizza, Timberland, LinkedIn, Yelp, and Zillow.

The companies on the 2022 Inc. 5000 have achieved consistent and significant revenue growth and have remained resilient amid global supply chain challenges, labor shortages, and the ongoing impact of the COVID-19 pandemic.

"We're honored to have earned a spot on the Inc. 5000 list for the ninth year in a row," said David Faye, CEO of Faye Business Systems Group. "This accomplishment is a direct result of the hard work and commitment of our amazing team and having great partners like SugarCRM and Zendesk. Consistent growth over a nine year stretch isn't the result of any one thing, but more an acknowledgment of our great people, great processes, and core values being in alignment with our clients and partners. We couldn't be more proud to earn this award. Congratulations to all the winners in 2022."

"The accomplishment of building one of the fastest growing companies in the U.S., in light of recent economic roadblocks, cannot be overstated," says Scott Omelianuk, Editor in Chief at Inc. "Inc. is thrilled to honor the companies that have established themselves through innovation, hard work, and rising to the challenges of today."
