

AXIA FOR CLAUDE

AI moves fast. **We help your team move faster.**

Faye is registered in the Claude Partner Network with Claude Certified Architects on staff. We put Claude to work safely, quickly, and with adoption that sticks. Models change, teams turn over, and yesterday's setup drifts out of date. Axia for Claude is Faye's managed service for Claude — a team that manages your agents and skills, rolls out new features as Claude evolves, trains your people, and reports progress against a success plan. Axia keeps you ahead.

✓ Build for scale

You are unique. Rolling out AI is just the beginning. Success is found in clear strategy, consistent execution, and platform expertise. Axia includes ongoing strategy and planning to grow with you.

✓ Compound value with adoption

Great user adoption is pivotal for AI to perform at its best. Axia's enablement, ongoing support, Q&A, and adoption programs are protection against failure. Don't let your AI investment go stagnant — continual adoption and utilization keep your tools tuned up and singing.

✓ Evergreen and future proof

You will change and evolve — and AI changes faster. Models improve, features ship monthly, and those changes impact how your teams work. Axia enables your AI platform to adjust and evolve with you, so it doesn't get left behind.

Axia for Claude Subscription Plans

In addition, your Axia subscription includes complementary features and enhancements to help you maximize your investment. These include tools and add-ons along with a library of application-specific content that is available to help you stay up-to-date and knowledgeable.
